FOR IMMEDIATE RELEASE

March 3, 2020

Palette Pro Painting & Renovations, Inc. Honored by the Painting Contractors Association for Wall Covering Work

2020 Best Decorative Wall Covering Award Recipient

St. Louis, Missouri (March 3, 2020) – Palette Pro Painting & Renovations, Inc. in White Plains, NY was awarded the Best Decorative Wall Covering Award from the Painting Contractors Association (PCA) for their work on a new construction home in Greenwich, CT.

This Award is part of the Picture it Painted Professionally (PIPP) awards which honor the best work completed by PCA member contractors.

Palette Pro painted, installed wall coverings, applied decorative finishes and finished wood surfaces as part of a three-level, 15,000-square-foot residential project.

Once a five level finish was achieved on all drywall in the home, an eggshell finish was applied to all walls and ceilings. All walnut doors and cladding were sealed with a lacquer finish. A variety of high-end wall coverings and murals were installed on many ceilings and walls.

Palette Pro started the project in November 2017 and completed in January 2019. During that time, they maintained at least five painters on the project, and, at times, scaled up to 12 painters to meet deadlines.

The Best Decorative Wall Covering Award was presented at PCA's annual EXPO event Feb. 19-21 in Phoenix-Glendale, Arizona.

The Painting Contractors Association (PCA) is an international trade association dedicated to the success of painting contractors through ethics, education and excellence. PCA provides best-in-class professional development training to support practitioners of the trade in reaching their greatest potential.
